BELBAL Intertek TickMark Certificate: Product Safety - Consumer Health

BELBAL is proud to have obtained the Intertek TickMark Certificate which now covers all branded BELBAL latex balloon products for printers, decorators and retailers.

BELBAL latex balloons have been tested and approved to be in line with the EC Directive 2009-48-EC including the new EN71-12 standard.

The European Union has the most strict regulations for toy product safety and consumer health. The BELBAL engineers have worked with INTERTEK to meet these regulations. As a result BELBAL has been granted the Intertek TickMark Certificate for all of our high quality latex balloons: Intertek TickMark Certificate Testing no. 15FUK0149

"Obtaining the Intertek TickMark Certificate provide our customers a guarantee that they are selecting a product meeting the highest consumer health and product safety requirements" said Michel Van Even, Director at BELBAL.

About INTERTEK

Intertek is the leading quality solutions provider to industries worldwide. From auditing and inspection, to testing, training, advisory, quality assurance and certification, Intertek adds value to customers' products, processes and assets. With a network of more than 1,000 laboratories and offices and over 36,000 people in more than 100 countries, Intertek supports companies' success in a global marketplace. Intertek helps its customers to meet end users' expectations for safety, sustainability, performance, integrity and desirability in virtually any market worldwide.

About BELBAL

Founded in 1984 BELBAL has become a European leading producer and printer of high quality latex balloons. Our business areas are: latex balloon production and printing, distribution of balloons & party products and manufacturing of latex balloon printing technology. BELBAL balloons are used for multiple purposes: advertising print, decorations and party. BELBAL GROUP has approximately 700 employees, direct services in 8 countries and operates in more than 60 countries internationally.
